SUMMARY

Versatile and accomplished professional with a strong foundation in Frontend programming and proficiency in Java, Python, and C. Adept at translating complex technical concepts into user-friendly solutions, I bring a unique blend of creativity and precision to software development. My expertise extends beyond code, encompassing effective problem-solving and communication skills, as demonstrated during my impactful role as a Teaching Assistant where I successfully addressed over 1000 student queries. Committed to continuous learning, I stand out as a proactive and dynamic individual poised to contribute to innovative projects and drive success in any collaborative team environment.

EDUCATION

05/2022

Pandharpur

• B.Tech (Computer Science Engineering)

Dr. Babasaheb Ambedkar Technological University

· Dedicated and results-driven Computer Science Engineering graduate with a solid foundation in computer science principles and engineering practices. Seeking opportunities to apply technical expertise, problem-solving skills, and innovation in a dynamic and collaborative work environment.

EXPERIENCE

10/2022 - 03/2023

Remote

• Teaching Assistant

Coding Ninjas

As a Teaching Assistant during my internship, I played a pivotal role in fostering a supportive learning environment. I actively engaged with students, addressing and resolving a diverse range of academic queries, ultimately contributing to the successful resolution of over 1000 student doubts. This experience not only honed my interpersonal and communication skills but also demonstrated my commitment to facilitating an enriching educational experience. Through my responsiveness and dedication, I fostered an atmosphere conducive to student success, further solidifying my passion for education and collaborative learning.

SKILLS
